

### OVERVIEW

What is the **OVERALL** idea?

Explain the picture in just enough detail to give the basic description of the image to someone who is not looking at it.

### PARTS

What are the different **PARTS** of the picture?

Describe the visual elements of the picture. It can include colors, figures, size, texture, groupings, patterns, scenery, etc.

### TITLE

What is the **TITLE** and photographer (if available)?

The title could inform the viewer about the subject and enhance the understanding of the picture.

### INTERRELATIONSHIPS

How are the different parts of the picture **RELATED** (connected) to each other?

Relationships between the parts should express an idea or create a mood.

### CONCLUSION

What can you **CONCLUDE** is the purpose or message of the photograph?

The conclusion puts together all the previous steps and puts together an analysis of the main idea or the main point of the image.
